

SOCIAL SCIENCE WEEK

Social Science Week Celebration: A Week of Creativity and Learning

Our school recently celebrated Social Science Week, a vibrant and engaging series of competitions that showcased the creativity, knowledge, and talents of students across all grades. The week was filled with exciting events, each designed to highlight different aspects of social science and environmental awareness. Here's a glimpse into the week's activities:

1. Cartographer Competition: Mapping Climate Zones (Class V)

- Students demonstrated their cartographic skills by creating detailed maps of various climate zones. Their work not only displayed their understanding of geography but also their ability to visualize and represent complex information.

2. COS Play Competition (Class VI)

- The COS Play Competition allowed students to bring historical figures and concepts to life through costumes and performances. It was an imaginative and educational experience that made history come alive.

3. Inter House Heritage Quiz (Class VII)

- The Inter House Heritage Quiz tested students' knowledge of historical events, cultural heritage, and significant landmarks. The competition was a fantastic way to deepen students' understanding of their heritage while fostering a spirit of friendly rivalry.

4. Inter House Best Out Of Waste (Class VIII)

- This competition challenged students to create innovative and useful items from waste materials. It was an excellent opportunity for students to showcase their creativity and promote environmental sustainability.

5. Poster Making Competition (Class IX)

- Students expressed their understanding of social issues and historical events through vivid and impactful posters. The creativity and thoughtfulness in their designs highlighted their awareness and artistic skills.

6. Street Play (Class X)

- The Street Play competition featured dramatic performances that tackled social issues and historical themes. The plays were both entertaining and thought-provoking, demonstrating students' ability to communicate complex ideas through drama.

7. Wall Magazine Competition (Class XI)

- This competition encouraged students to create informative and visually appealing wall magazines on various social science topics. The wall magazines were a testament to their research skills and creative presentation.

8. ADBEE Competition (Class XII)

- The ADBEE (Advanced Debate and Eloquence Exhibition) competition provided a platform for students to engage in rigorous debates on contemporary social issues. Their articulate arguments and critical thinking skills were on full display.

The Social Science Week was a resounding success, thanks to the enthusiasm and hard work of all the participants and the Social Science Department. Each competition not only provided a platform for showcasing talents but also fostered a deeper appreciation for the diverse fields within social science. Congratulations to all the winners, participants and the Teachers for making this week an inspiring and memorable event!
