A special event was organized in our school on the occasion of Mother's Day. Students participated in various activities to express their love and gratitude towards their mothers. Students made handmade cards for their mothers, in which they expressed their gratitude and love from the bottom of their hearts. After this, students recited poems and sang songs that showed their respect and love towards their mothers. On this occasion, students also made small gifts for their mothers, which were special for their mothers. These gifts included creative things like personalized gifts. This Mother's Day celebration taught us how important role mothers play in our lives, and we should always be grateful to them. Happy mothers Day.
