

"Winning is not just a victory over others, but a triumph over your own limits. It is not the end; it's the beginning of a journey towards greater goals." Proud moment for ITBPPS DWARKA.

We are take pride and thrilled to announce that our talented student, Vikas, from grade XII, has achieved remarkable success in the field of sports. Representing ITBP Public School at the Zone 21 (Dwarka) Inter-Zonal Netball Championship in the junior category, Vikas showcased exceptional skill and determination. His outstanding performance led him to win the Gold Medal at the State Level, earning him a well-deserved spot in the upcoming National Netball Championship.

This incredible achievement is not only a proud moment for Vikas but also for the entire ITBP School community. We congratulate him and his mentors on their hard work, dedication, and success, and we wish them the best of luck as they prepare for the National Championship. Keep shining, Vikas!
